Profile

A **Recent Computer Science** Graduate from Suez Canal University and a dedicated **Frontend Developer**. I have a solid foundation **in React.js and modern JavaScript**, developed through intensive professional training at **ITI and Route Academy**. I am skilled in building responsive, user-friendly web interfaces and committed to writing clean, maintainable code. A proactive team player with proven experience in technical mentoring and peer leadership, now seeking a challenging Junior Frontend Developer role.

Education

- **Bachelor of Computer Science** | Suez Canal University
  - *Faculty of Computers and Informatics*
  - 2020 – June 2025
  - **Overall Grade:** Very Good
  - **Graduation Project:** Smart Health Prediction (**Grade: Excellent**)

Training and Courses

- **Frontend Development Course (4 Months) | Route Academy**
  - Focused on React.js architecture, State Management (Redux), and modern frontend workflows.
- **Frontend Trainee | Information Technology Institute (ITI)** *08/2024 – 09/2024*
  - Gained hands-on experience in building and deploying responsive web applications using React.
- **Freelancing Skills Training MaharaTech** *08/2024 – 09/2024*
- **Desktop Application Development Training | Suez Canal University** *08/2021 – 09/2021*

Projects

Smart Health Prediction (Graduation Project) | *Frontend Team Leader*

- Developed an interactive UI using React.js to ensure high performance and a seamless user experience for health data analysis.
- Optimized the application for cross-browser compatibility and mobile responsiveness.

NOXE Movie Web App | https://noxe-movie-g4im.vercel.app/

- Built a dynamic movie discovery website using React.js, featuring real-time data fetching from external APIs.
- Designed a modern, user-friendly interface optimized for smooth navigation and media consumption.

Pizza Restaurant Web App | https://pizza-resturant-4ewh.vercel.app/

- Developed a fully responsive restaurant website, focusing on clean component architecture and intuitive UI/UX.
- Implemented efficient state management to handle food ordering workflows and interactive elements.

Technical Skills

- **Languages:** JavaScript (ES6+), HTML5, CSS3, Python, C++
- **Libraries & Frameworks:** React.js, Redux, Vue.js, Bootstrap, SASS, jQuery.
- **Tools & Databases:** Git/GitHub, NPM, Yarn, MySQL.
- **Concepts:** Responsive Web Design, Web Performance Optimization.

Soft Skills & Languages

- **Soft Skills:** Leadership, Problem Solving, Time Management, and Communication.
- **Languages:** English (B2 – Upper Intermediate), Arabic (Native).
