# Kerolos Nagy

**Frontend Developer**

Cairo, Egypt | +201050946687 | kerolosnagy66@gmail.com LinkedIn | GitHub

## Profile

A Recent Computer Science Graduate from Suez Canal University and a dedicated **Frontend Developer** specialized in **Next.js**, **TypeScript**, and **React.js**. I have a solid foundation in modern JavaScript and frontend architecture, developed through intensive professional training at **ITI** and **Route Academy**. I am committed to writing type-safe, clean, and maintainable code to build high-performance, responsive web interfaces.

## Projects

- **E-Commerce Web Application** | Live Demo
  - Developed a full-featured e-commerce platform with product filtering and a dynamic shopping cart.
  - Optimized performance for high-speed navigation and ensured a fully responsive design.
- **NOXE Movie Web App** | Live Demo
  - Built a dynamic discovery site using React.js with real-time API data fetching.
  - Designed a modern UI optimized for smooth navigation and media consumption.
- **Pizza Restaurant Web App** | Live Demo
  - Developed a responsive website focusing on clean component architecture.
  - Implemented efficient state management for interactive food ordering workflows.
- **Smart Health Prediction (Graduation Project) | Team Leader**
  - Led the frontend team in developing a high-performance React.js interface.
  - Achieved an **Excellent** grade by optimizing for cross-browser and mobile compatibility.

## Technical Skills

- **Languages:** TypeScript ,JavaScript (ES6+), HTML5, CSS3, Python, C++.
- **Frameworks:** React.js, Next.js, Redux, Vue.js, Bootstrap, SASS, jQuery.
- **Tools:** Git/GitHub, NPM, Yarn, MySQL.
- **Concepts:** Responsive Web Design, Web Performance Optimization.

## Education

- **Bachelor of Computer Science** | Suez Canal University
  - 2020 – June 2025 | Overall Grade: **Very Good**.

## Training

- **Frontend Development** | Route Academy (4 Months)
  - Focused on React.js, Redux, and modern frontend workflows.
- **Frontend Trainee** | ITI (08/2024 – 09/2024)
  - Hands-on experience in building and deploying responsive React applications.
- **Freelancing Skills** | MaharaTech (08/2024 – 09/2024).

## Soft Skills & Languages

- **Soft Skills:** Leadership, Problem Solving, and Communication.
- **Languages:** English (B2 – Upper Intermediate), Arabic (Native).
